

Setting the Stage

Classroom Visuals

A seasonal tree or wheel can help focus your seasonal learning journey. Use journal templates and photos from your outdoor learning sessions to fill out your visual. Some questions for learners to consider:

- What's changed since the last time we were outside?
- Why has it changed?
- How do you feel about these new changes?

Books

Here are some of our favourite books for transitioning from fall to winter:

Goodbye Autumn, Hello Winter by Kenard Pak

Fletcher and the Falling Leaves by Julia Rawlinson

When Winter Comes by Nancy Van Laan

Winter is Coming by Tony Johnston

Props

Having a basket or box and revealing special learning props that you will be using is a great way to garner interest and excitement.

Some examples:

- Magnifying glasses and/or binoculars
- Nature collection bags
- Pictures of animals you are investigating or that relate to the current season
