Bud Buddies

Spring is a time of many changes. Keep your eyes open to discover a very special tree transformation!

📋 Compostable string (twine, wool yarn or cotton string). Nature journal.
Camera (optional)

👤 Grades: K-3 ⌚ 10-20 minutes for activity, then 5 minutes every other day.

Directions

1. Find a bud to become buddies with.
2. Tie a string around the branch near the bud. If you are not able to reach a bud or are watching one from your window, don't worry. You know which bud is your special one!
3. Get out your nature journal. Write down any questions you have about your bud (start with 'I wonder...').
4. Make a record. Draw a picture or take a photograph of your bud. Don't forget to record the date.
5. Return to your bud to see how it has changed. Check it everyday or every other day.
